Migration inside a country

Italy- internal migration from South to North

- Rome is the dividing line
- From rural to urban areas
- Job opportunities
- Higher standard of living
- Higher salary
- More developed cities
- More favourable weather
- Industrial triangle

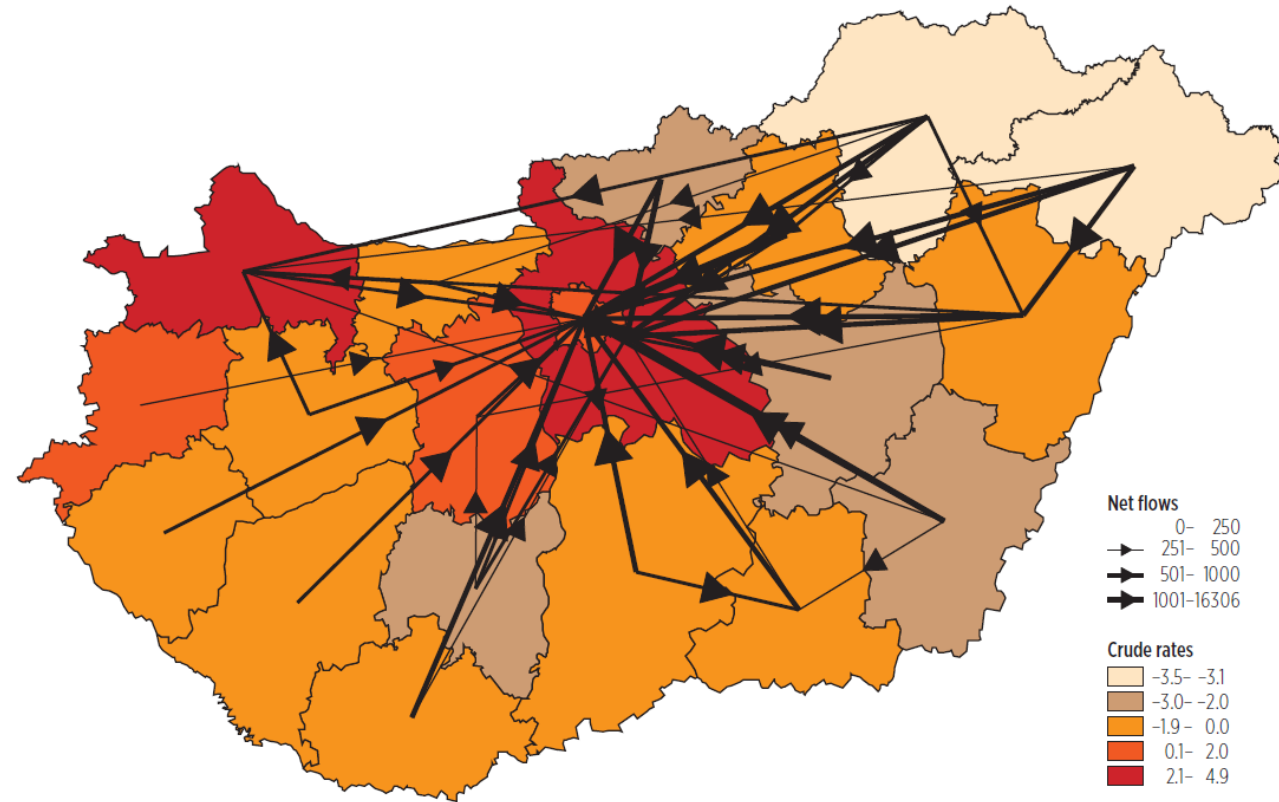

Hungary- internal migration from East to West

- Job opportunities – Győr car industry; construction workers
- Higher standard of living
- Close to the Austrian border – commute to work
- Better healthcare
- To avoid communities with gypsy majority

Migration towards Budapest

- Education
- Jobs
- Health care
- Institutions
- Art
- Entertainment
- Administration centre

Attitudes

- Prejudices – negative feelings;
lack of trust

But:

- Supportive with high-skilled
migrants
